

How to Make a Cute Easter Bunny Cup Decoration

Looking for a way to decorate your home for Easter, but want to keep things cheap and simple? Our latest video tutorial shows you how you can transform an ordinary Styrofoam cup into a cute Easter bunny. Watch now and follow along to make your own!

PREP TIME 2 minutes
ACTIVE TIME 5 minutes
TOTAL TIME 7 minutes
DIFFICULTY Easy

Materials

- Styrofoam cup (or plastic cup)
- White cardboard or cardstock
- Pink foam sheet

Tools

- Scissors
- Black marker
- Hot glue and glue gun
- Pen or pencil

Instructions

1. The first step is to fold the white piece of paper in half

2. Use a pen or pencil to draw the outline of a bunny ear.

Make the ear as large or small as you want with that in mind.

3. Using a pair of scissors, cut around the outline of the ear. Because you have folded the paper in half, you will end up with two identical bunny ears.

4. Create now the outer ears for the bunny, but you still need the pink inner ears. For this use the pink foam sheet.

5. As with the outer ears, cut two identical inner ears out simply by folding the foam sheet in half before you cut. Try and make the shape as closely resemble that of the outer ear .

6. Use hot glue (or whatever other type of glue you have decided to use) to attach the inner ears to the outer ears in order to complete them.

7. Use the same pink foam sheet to cut out the shape of the bunny's nose. Glue this onto your Styrofoam cup. Note that the cup should be upside-down.

8. Once you have the nose in place, glue on the bunny's ears.

It'll look best if you glue them onto the back of the cup.

9. Draw on the rest of the bunny's features using a black marker. Draw the eyes above the nose, and the whiskers extending from the nose. Your bunny is then complete and ready to display!
